2013-14					
2012-13		EXAMINER			
2011-12		EXAMINER			

Anything else you want to say about yourselves:

I am interested in learning and experimenting with innovative teaching techniques which will help enhance teacher - student communication in class and develop greater interest in students about their lessons. I have been continually trying out new teaching techniques in class, most of which have proved successful and have helped students in better grasping of their subject. My primary aim is to grow love, interest and motivation in the students about the subject I teach and also to inspire them in various co-curricular activities.
